

## FOOD AID DIRECTORY

When approaching any new service please visit the relevant website or contact the agency first to ensure they are best placed to help. Any details such as day/time/location subject to change.

There are several models of food provision across the county, all serving a different purpose, but creating a supportive process of moving from crisis to independence for those in crisis or living on a low-income longer-term.

### **Food Banks**

- provide emergency food parcel in a crisis. This is a free service, but often limited to 3-5 parcels a year. Referrals are needed in most cases, but some will accept a 'self-referral'. The aim is to assist short-term whilst finances are sorted. Parcels include store cupboard ingredients such as pasta, cereal, tinned vegetables, UHT milk etc. Fresh food also offered when available. Most food banks also offer toiletries, cleaning products, baby products.

### **Food Aid**

- provide ad-hoc or ongoing support to families on low income, through self-referral or a professional referral such as schools. More informal support as needs arise. No general limit to parcels or cost attached, assessed case-by-case.

### **Food Club**

- a service which people can sign up for to access low-cost food on a longer-term basis. Items or bags are purchased and therefore not limited per year. Some have a regular membership scheme, others open to all. Self-referral based on entitlement, or referred through local community provision such as schools.

### **Food Larder**

- Low cost food provision, with option to choose items at reduced cost. Includes some near-end-shelf-life items and food-waste reduction schemes. Open to all, regardless of income. Sometimes called a Food Pantry, or Community Fridge.

### **Meal Provision Service**

- Pre-prepared meals provided to people in need, within a geographical area or community. Either free-of-charge for a short period, or at a subsidised cost. Self-referral based on entitlement, or referred through local community provision such as schools.
